- Finished an intensive, project-based training program on modern Android development.
- Developed a portfolio of functional Android applications using Android Studio.
- Gained a solid foundation in Kotlin, the primary language for Android development.

Zscaler Zero Trust Cloud Security Virtual Internship (Jul 2025 - Sep 2025)

- Completed an intensive training program on Zero Trust architecture and its application in modern cloud security.
- Explored the core functionalities and use cases of Zscaler Internet Access (ZIA) and Zscaler Private Access (ZPA).
- Analyzed security policies for secure remote access and advanced threat protection within the Zscaler platform.

Additional Information

- Served as Vice Chair of the IEEE Computer Society at S.B Jain college , leading event coordination and student engagement initiatives.
- Currently the Chairperson of the IEEE Computer Society
- Attended a workshop on Prompt Engineering at IIT Bombay (2024).
- Interest in swimming as a recreational and fitness activity.
- Won multiple events like Ideathon , Youth parliament and hackathon

Skills

Technical Skills

- Java Programming
- Data Structure and Algorithm
- Python Programming
- Problem Solving
- Web Development

Non-Technical Skills

- Communication Skills
- Critical Thinking
- Adaptability
- Creativity

Certification/Short Courses

- NPTTEL Courses on Data Science
- Server Sphere(Supabase)
- Floa (German L-1)
- Multiple Masterclasses of WSCube Tech

Projects

AnimeWatchlist Manager (2024)

- Built a full-stack React app with watchlist tracking and rating features
- Integrated Supabase backend for data management and real-time updates
- Implemented CRUD operations and dynamic filtering UI

Ayursutra Patient Portal (2025)

- Designed a Panchakarma patient management system using Figma
- Created wireframes and mockups for patient workflows and appointment scheduling
- Developed cohesive visual design focused on healthcare usability
